

CAMPFIRE
'11

To the staff of Bishop's Lodge:

This is a belated thank you from the Campfire Team for the excellent service you provided us for our first Campfire last Fall. How fortunate for us that we chose Bishop's Lodge for the event. Our decision was made based on the location, beauty and amenities of the Lodge, but what made the weekend such a success was the attention and warmth of the staff. It was obvious that you went above and beyond with the level of service you provided and we are extremely grateful. From check-in, to room assignments, to meals, activities, logistics - everyone put an enormous amount of effort into making sure that things flowed smoothly. We also appreciate how kind and considerate you were to us, the team producing the event. It helped us do our best with you looking after us. Perhaps the greatest compliment we can give you is that we are coming back. We weren't sure we would keep Campfire in the same location year to year, but the wonderful staff of Bishop's Lodge and the fantastic job that you all did made the decision to stay a much easier one. We look forward to working together on Campfire 2011 and making it even more memorable.

With great appreciation,

Laurie Fabiano
and the Campfire Team
